

2024

# Quality Improvement Plan Summary

Service approval number: RSE-00016243

Goals	Challenge of Practice	Success Criteria
To enhance children's creative expression, well-being and early literacies, through the use of music and movement	If educators deepen their knowledge, introduce and use music and movement, in creative ways, then we will improve children's creative expression, well-being, and early literacies.	<p><u>Through ongoing analysis of our pedagogical documentation, we will see children:</u></p> <ol style="list-style-type: none"> <li>Increased levels of self-regulation/body awareness</li> <li>Increased engagement in language sound and patterning</li> <li>Children demonstrate enthusiasm, enjoyment and engagement in creative expression through music and movement.</li> </ol> <p><u>Through ongoing documentation of our reflections and planning, we will see educators:</u></p> <ol style="list-style-type: none"> <li>Increased confidence to share our new knowledge/skills with the children, with music and movement</li> <li>Increased knowledge/implementation around tuneful, beautiful, artful music and movement</li> </ol>

## National Quality Framework Priorities

QA7 CONTINUOUS IMPROVEMENT: There is an effective self-assessment and quality improvement process.	<p>*Educators work through the NQs self-assessment during staff meetings, office Thursday's and closure days.</p> <p>*Continuing in 2024, our review and reflection will focus on QA 2, QA 5.</p>
QA6 To increase family engagement in our programme and analysis, through the use of our floor book.	<p>*Educators to build their knowledge and practices of inquiry-based learning through our floor book resource (Planning with and for Children – Dr Claire Warden)</p> <p>*Educators to create talking points of photos and learning of children and families, through the floor book.</p>
